Morristown, NJ 07962

The Morris School District Community School is pleased to offer Educational Services Center's **PSAT/ SAT/ ACT preparation program**. The comprehensive course will be given this summer and fall, preparing rising juniors & seniors for Aug, Oct, and Nov exams.

The course is twelve 90-min. instructional sessions, split equally between math and verbal, and a full-length practice SAT. All exam subject matter is given rigorous review (passage-based reading, writing mechanics, basic to advanced algebra, geometry, data/statistics/probability), with primary focus on *how to approach questions strategically*. Students become skilled in recognizing the pattern and style of questions, navigating incorrect answer choices, and working to full potential within the time limitations. Teachers assign 1-2 hours of homework practice between each session. The course culminates with a full-length practice SAT and intensive review/ scoring of the exam. Students can expect to increase their scores 100-150 points on the SAT and 3-4 points on the ACT.

Rising juniors are welcome to revisit the material with additional practice exam and review sessions in spring 2022. There is no additional cost for this refresher, Educational Services Center will help you keep the subject matter & strategies top of mind until you take your final SAT or ACT exam.

## ***Classes are back in-person this summer and fall!*** ***(Virtual class options also available.)***
