### Arcadia Earth & Artechouse

One Day Tour ~ Thursday, March 31, 2022

Here's our chance to take an eye opening, inspirational, and magical journey through our planet Earth. At the visually stunning Arcadia Earth, we'll immerse ourselves in transcendent underwater worlds, primeval forests, mystical caves and fantasy lands created by advanced technological art installations. We'll wander through 15 immersive rooms that magically recreate our planet's landscapes and ecosystems, all shedding light on the ecological issues threatening our very existence which brings a new perspective on our current world situation seen in a beautiful and positive way. You'll experience orbs of oxygen, floating sea creatures, close encounters with lions, a rainbow cave and more artistic expressions to awaken your consciousness through extraordinary fun. While the underlying message tells a disheartening story, each exhibit kindly offers suggestions of small lifestyle changes that each of us can take to positively impact the future of our planet. A portion of our ticket fee will go to Oceanic Global, plus a tree is planted for every ticket sold. Off to the iconic culinary destination, Chelsea Market where you can choose from the diverse selection of marketplace vendors for a fantastic lunch on your own. Hidden underneath the market in the boiler room space we'll discover our second innovative art immersion exhibition, Artechouse. Similar to the Van Gogh Experience, here we'll witness the newest exhibit in this space in a total immersion of art, science and technology. Get ready to be dazzled! © 2021 Group Tours & Travel
